Dear Sir/Madam,

It has been observed over time that students and other stakeholders have been raising concerns regarding pending matters such as the declaration of previous results and the issuance of mark sheets.

As the University remains committed to the welfare of its students, it has been decided to initiate a special drive to resolve all such pending issues.

This drive will cover issues related to **examinations up to Summer 2024**. Please note that no cases beyond this timeline will be considered, as such matters are addressed on a progressive basis.

To process these issues in a timely manner, all concerned are requested to submit the details using the specified templates (shared via email) to the respective Regional Centers on or before **20-04-2025 (5:00 PM)**.

Furthermore, each institute is required to **nominate a senior faculty member or office staff as a point of contact**, along with their name, Designation and active WhatsApp number, so that the Examination Section/Regional Center can reach out immediately for any clarifications regarding the submitted data or information.

Please note that any pending issues after the given deadline will be the sole responsibility of the respective institute. Therefore, all institutes are advised to widely circulate this notice among their stakeholders and ensure submission of all pending cases related to examinations up to Summer 2024 by the specified date.

**With kind regards**

Dr. A. W. Kiwlekar
I/c Registrar
